### D. Financial Report / Budget for 2023/4:

Request 7,500 euros as for previous years and an additional 7,500 euros .

To allow 1 winter meeting as in previous years and an additional summer committee meeting. Extra budget is required to meet the costs of the additional meeting. Additional funds will be needed in future as the AHP committee has been expanded to meet its strategic goals which include increasing membership and education output. The AHP committee also now includes in addition to those on the GI, Nutrition, Hepatology, Ethics and PAC committees, a representative on the Education Committee. An application for an AHP representative on the research committee is pending. To maximise budget the committee aims to

include monothematic courses as part of the 2-day in person meetings. The aim is to try and bridge the gap in budget by seeking industry sponsorship.
